WINEMAKING

After a short maceration of 9 days to extract the maximum of color and aromatic compound. The alcoholic fermentation will take place in stainless steel tank to develop the finness and smoothness.

TASTING

The red wine develops the harmonious notes of red fruit so representative of the Loire vineyards. Aromas of strawberries, redcurrants, and cherries "sweeten" the hints of spice. A wonderful freshness makes this wine delicate and easy to drink.

Food pairing

Light, discreet, elegant, this fruity wine is charming. Guinea fowl or other white meats are perfect as are various cold meats.
