## CHAPEL PEAK

The exceptional terroir of Chapel Peak, vineyard located on one of the hills benefiting from important thermal amplitudes in the heart of the Marlborough region, is highly sprinkled with rocky rounded off by the time.

From this natural symbiosis is born a wine of Pinot Noir that offers the delicacy of small red berries and the pleasure to savour a delicate and velvety texture in full harmony. The elegance of Chapel Peak reflects perfectly the character, the sensibility and the complexity of Pinot Noir.

### GRAPE VARIETY

Pinot Noir

### TERROIR

Greywacke Riverbed and  
Rich Broadbridge Clay

### TASTING

Beautiful ruby colour with purple hues. Fine and delicate, giving a beautiful expression of the Pinot noir, with its small red fruits notes added to spicy cocoa hints. Fruity mouth with silky tannins. Well-balanced, fine structure and unctuous taste. Great aromatic lengthy finish.
